## E Newsletter January 2014

Issue 30, 21st January 2014

### 2013 IN REFLECTION & A LOOK AT 2014

It was a year that went far too quick! And the seasonal conditions were dismal pretty much throughout (drought). Though we have had a great year and that is thanks to all our great clients and friends that enjoy first and foremost a superior equine, and secondly - one with Bling! Some new and exciting broodmares were purchased and are now confirmed in foal which means another stellar crop is due this coming season. I can't wait! And if you can't wait, mares in foal can be purchased (saving you \$\$\$).

Pictured are some of the unsung hero's of 2013. Left is my daughter Lily who helps me with all the photographs. Pictured with paly TB filly foal out of 17.1hh Émigré. Right is the teaser pony Maximus who has been employed for seven years and counting!

## GLACIAL'S 2YO FILLY IN PRETRAINING

This well grown 2yo filly out of Red Trid is now in pre-training for Dr Hummelstad.

Now named **PALOMINO PRINCESS** we look forward to Norma's progress in the coming months. This girl is tough and unflappable according to her rider.

She has been mustering, road riding and doing her laps with great ease.

Special thanks to Jess Downie Equine Services for her commitment to Norma.

## ZABRILLIANT IN PRETRAINING

I think this Profile In Style (USA) filly is the best thing since sliced bread!

I simply love her & her dam Soroya (NZ) (Zabeel x Ultra Vain) and they will remain with WCF for forever. They are amazing. So gentle and kind and such athlete.s.

Zabrilliant is very much what we strive for at WCF (minus the colour!) Special thanks to me for riding her!

---

## NEW STALLION TO STAND NEXT SEASON

---

Winning Colours Farm is very excited to bring you the Profile In Style colt **GOT IT IN VEGAS**.

He will be a 3yo next season and will stand for a few select mares.

Most of you are aware that 'Goggles' was born extremely premature due to an infection in his dams uterus (placentitis).

He will not race himself due to his environmental circumstances. Genetically, he is a wonderful stallion prospect. He has extreme show type and his mother is a race-winning mare by the **World Horse Of The Year** and seven times Group 1 winner, **Rock Of Gibraltar**.

More info about using him this next season will be available in the coming months.

## BUSHFIRE IN ROCKLEY

This picture taken 2days ago from one of our hills. This is the Dog Rocks fire to our East, though there are bushfires all around with Hells Hole fire to the South and Redbank fire to the West. We have ploughed paddocks and are on standby to move horses into these paddocks. It's about the only time we have been thankful that there is no grass! We thank

the Rural Fire Service for the incredible work they have done and continue to do. I know where our next donation will be going :-)
